

Product Retirement Announcement**Tritech Announces the Product Retirement Plan for the NTSC Versions of Super SeaSpy Cameras**

This announcement is formal notification of Tritech International Ltd's retirement of the NTSC variants of the Super SeaSpy Camera. The following product numbers are encompassed by this announcement:

Part No.	Description
S09006	Super SeaSpy Camera, 4,000m, S/S (NTSC)
S11182	Super SeaSpy Camera, 4,000m, S/S (NTSC) Waterblock rotated through 180deg.

Reason for Retirement:

Following a strategic review of the product line, Tritech are withdrawing the NTSC variants of the Super SeaSpy Underwater Camera from sale. There is no alternative NTSC model underwater cameras available in the current Tritech products

Availability and support of the PAL models of Super SeaSpy Camera are unaffected.

Retirement Time Line:

The timeline for the withdrawal from sale and subsequent service of the product is detailed below:

Stage	Meaning	Date
Final Time of Sale	After this date, no further new orders for this product will be accepted.	31 March 2023
Final All Parts Availability	Up to this date all parts will continue to be available for internal and external spares, service and repair orders. After this date availability of service and common repair parts cannot be guaranteed.	1 April 2024
Limited Service Parts Availability	After this date any item specific to these part numbers will no longer be manufactured or purchased. Service or repair work will be subject to the availability of parts.	31 December 2024
