

Product Retirement Announcement

Tritech Announces the Product Retirement Plan for the Seanet Surface Control Unit (SCU) V5 and Remote Access Terminal (RAT) V2

This announcement is formal notification of Tritech International Ltd's retirement of the Seanet SCU V5 and RAT V2 products. The following product numbers are encompassed by this announcement:

Part No. *	Description
S07745	Seanet Surface Control Unit V5 (all Operating Systems)
S04784	Seanet Remote Access Terminal (RAT) V2

* This notice incorporates all derivative numbers from the main part number (example S07745-SYS)

Reason for Retirement:

The decision to retire these products has been made following the obsolescence of critical components, increasing complexity of support and component traceability and a detailed strategic review of the Tritech product range.

There are currently no direct alternatives for either product, but customers requiring the functionality of the SCU interfaces (Serial and ARCNET) can replicate this using the Tritech desktop or rack-mount SeaHub. Further details can be found under the relevant product area on the Tritech website www.Tritech.co.uk/products.

Retirement Time Line:

The timeline for retirement of the product is detailed below:

Stage	Meaning	Date
Final Time of Sale	After this date, no further new orders for this product will be accepted.	SCU (less RAT): 31 December 2024
Final All Parts Availability	Up to this date all parts will continue to be available for internal and external spares, service and repair orders. After this date, sale of service and common repair parts is not guaranteed. Service or repair work will be subject to the availability of parts.	RAT: 31 December 2024
Limited Service Parts Availability	After this date any item specific to these part numbers will no longer be manufactured or purchased.	31 December 2025
Final Support	After this date, Tritech will no longer guarantee to offer service or technical support.	31 December 2027

Please contact your normal sales channel for further details and availability of new items and service spares. If you have any questions regarding this announcement, please do not hesitate to contact Tritech International Ltd. at support@tritech.co.uk or through your normal sales channel.
