Tritech International Limited [Tritech], a subsidiary of General Oceans AS, a company registered in Norway having its registered office at Vangkroken 2, 1351 RUD, Norway, is a high-technology business dedicated to providing the most reliable imaging and ancillary equipment for use in underwater applications.

COMMITMENT TO QUALITY

Quality is integral to all our working practices. We believe that it is critical to the success of our business. The key elements of our approach to Quality are based on the following Quality Principles:

CUSTOMER FOCUS

We depend on our customers and are committed to supplying them with high quality products and services that conform to their requirements. Our aim is always to satisfy or exceed our customers' expectations.

LEADERSHIP

The Management Team are committed to complying with all statutory, regulatory, legislative and contractual requirements. We will provide an internal environment in which our people can become fully involved in achieving the organisations quality objectives.

ENGAGEMENT OF PEOPLE

We aim to recruit and retain highly motivated and competent people. Our people are seen as our most important resource. We encourage their full involvement in order to develop their abilities for the benefit of the individual and the business. Our Management Team ensures that this policy is communicated to all employees, organisations working for or on our behalf and interested parties through its publication and maintenance.

PROCESS APPROACH

We will manage our activities and associated resources as a series of planned processes to produce the right product, at the right time with minimum wastage, while seeking to maximise efficiency and minimise our environmental impact. Our individual processes will be structured into a comprehensive documented Quality Management System (QMS) in order to help ensure we meet the requirements of our customers and to achieve the company's strategy and objectives.

IMPROVEMENT

We are committed to continuous improvement of the products and services that we provide and to the effectiveness of our QMS. We will set clear objectives and monitor our progress towards their successful achievement through the composition of our company scorecard

RISK BASED DECISION MAKING

We will measure our performance in key activities and use the data collected to make informed and effective decisions on how to improve our processes.

RELATIONSHIP MANAGEMENT

Our company and our clients, suppliers and collaborative business partners are interdependent. We will seek to develop beneficial relationships to improve Quality leading to greater reliability, enhanced services and increased efficiency.

CERTIFICATION

Our QMS is externally audited by Exova BM Trada Ltd to ensure that the system continues to meet the requirements of the current ISO9001 standard and will be regularly reviewed by the management of the company to ensure that it remains effective and efficient in its operation.
